Turn the Tide

[Intro]

CHOIR (hushed): Mm... don't look away...

[Verse 1]

Justice on the ground again,
Truth won't make it past their grin.
Suits and speeches, smoke and lights—
One loud lie becomes "the right."
No shame, no cost, they multiply,
And we keep letting it slide.

[Pre-Chorus]

If a lie can lead the crowd,
Let our hearts be louder now.
CHOIR (soft): Tell the truth...

[Chorus]

Turn the tide — we won't look away.
CHOIR: Won't look away...
No more crowns, no more games they play.
CHOIR: No more games...
Say it loud, let the daylight stay—
Turn the tide — we won't look away.
CHOIR (hold): Turn the ti-i-ide...

[Verse 2]

If you're rich, doors open wide,
Every law becomes your ride.
If you're poor, you pay in pain,
Worked and taxed and blamed again.
Same old story, different names—
We're done feeding their flames.

[Pre-Chorus 2]

They get comfort, we get blame—
CHOIR: Not again...
So we rise and say their name.
CHOIR: Say it clear...

[Chorus]

Turn the tide — we won't look away.

CHOIR: Won't look away...

No more crowns, no more games they play.

CHOIR: No more games...

Say it loud, let the daylight stay—

Turn the tide — we won't look away.

[Bridge]

Hands up, stand up—feel that spark,

We're the fire in the dark.

Step by step, heart to heart—

CHOIR: Hold the line...

This is where the turning starts.

CHOIR: Starts tonight...

[Final Chorus]

Turn the tide — we won't look away.

CHOIR: Won't look away!

No more crowns, no more games they play.

CHOIR: No more games!

Say it loud, let the daylight stay—

Turn the tide — we won't look away.

CHOIR (big hold): TURN... THE... TII-I-IDE...

[Outro]

CHOIR (fading): Won't look away...
